ATTLEE GOING TO WASHINGTON To Iron Out Atomism And Soviet Tangle

LONDON, Oct. 30. AUTHORITATIVE WHITEHALL CIRCLES WERE SPECULATING TODAY ON MR. ATTLEE'S VISIT TO THE UNITED STATES FOR A CONFERENCE WITH PRESIDENT TRUMAN.

SOURCES WHICH IN THE PAST HAVE REFLECTED THE OPINION OF NO. 10, DOWNING STREET SAID MR. ATTLEE WAS ANXIOUS FOR A CLEARER UNDERSTANDING ON A NUMBER OF PROBLEMS AMONG THEM:

ATOMIC RESEARCH

LONDON, Oct. 30. A RESEARCH CENTRE IS BEING OPENED NEAR DIDCOT, IN BERKSHIRE, FOR BRITISH SCIENTISTS WHO ARE TO EMBARK ON THE STUDY OF THE USE OF ATOMIC ENERGY FOR PEACEFUL PURPOSES.

The staff will be headed by the group of British scientists who co-operated with the Americans in the United States.

Another proclamation by an expert to-day was that the use of atomic energy in a future war would wipe out civilization.

He pointed out that there could be no escape. It was possible to develop an atomic rocket, bigger and of tremendously greater range than Hitler's V-2. The Germans already had blue-prints of a rocket-bomb to travel 3,000 miles.

—Reuter.

German Raid Casualties

Washington, Oct. 30. Allied air bombing of Germany killed or wounded 1,087,000 German civilians, destroyed or heavily damaged 3,600,000 of their homes and made 7,500,000 of them homeless, it was disclosed here to-day in the release of the official "United States Strategic Bombing Survey."

The damage wrought by the R.A.F. and U.S.A.A.F. was done with 2,700,000 bombs at a cost of 79,000 American and 79,281 British airmen's lives.

—Reuter.

Yamashita's Trial

Manila, Oct. 30. Mrs. Justa Gardo, widow of a Philippine army colonel, was the principal witness in the second day of the war crimes trial of General Yamashita. She added more testimony to that introduced yesterday about Japanese soldiers' and generals' atrocities against Filipinos in the final days of the Japanese defence of Manila.

The so-called "Tiger of Malaya" is charged with responsibility for the wanton killing and brutality of the troops under his command, with a United States military commission hearing the case.—Associated Press.

Consular Staff Dockers

Wellington, Oct. 30. The New Dutch consul in Wellington, Jonker van Panhuys, and the returning Consul Vigevano, with their consular staffs and local Dutchmen completed loading of the 6,000-ton Dutch cargo and passenger ship "Arginus" here to-day because New Zealand waterside workers persisted in their refusal to touch the ship, which had been idle in Wellington since October 16. The "Arginus" is sailing for Java to-morrow.—Reuter.

Washington, Oct. 30. President Truman to-day cancelled all out-of-town trips for a month ahead because of the briefings placed on him by labour strife, wages and prices during the reconversion period.—Associated Press.

Dock Strike Action

London, Oct. 30. Government has proceeded to a further important stage in tackling the dock strike.

It was announced to-day that troops will work in all the docks and handle all ships, whatever their cargoes.

The numbers of troops employed will be stepped up to meet all requirements.—Reuter.

BLOODLESS COUP IN BRAZIL

RIO DE JANEIRO, Oct. 30. THE WAVE OF POLITICAL UNREST WHICH HAS BEEN SWEEPING THROUGH SOUTH AMERICA STRUCK BRAZIL TO-DAY.

Police headquarters announced that Getulio Vargas had resigned the presidency. Army tanks were seen to enter the presidential residence and Vargas was observed leaving in an automobile.

Earlier, an unidentified army general and a young lieutenant delivered a statement to the radio station and the lieutenant shouted: "Vargas has abdicated."

Vargas has been Brazil's "strong man" President since before the war without having held an election.

TANKS PARADE

Buenos Aires, Oct. 30. A motorized column of two hundred tanks paraded through Rio de Janeiro last night, acclaiming General Eduardo Gomes, the Opposition candidate for the Presidency, according to reports from the Brazilian border.

They added that calm prevailed in the Southern Brazilian state of Rio Grande do Sul, where troops are not confined to barracks.—Reuter.

Later, The strong man in Brazil, appears to be General Monteiro, who forced Vargas out, and nominated the Chief of State as a President until the result of the forthcoming elections.

Vargas who anchored power in 1938 and three members of his cabinet are detained.—Associated Press.

Small Nation's Magna Carta

NEW YORK, Oct. 30. NAVY CAPT. HAROLD E. STASSEN, FORMER GOVERNOR OF MINNESOTA, ADVOCATED IN A SPEECH TO-DAY THAT PRESIDENT TRUMAN APPOINT A BIPARTISAN COMMISSION TO DEVELOP "OPEN AND NO SECRET" UNITED STATES POLICIES IN THE PACIFIC.

Stassen advanced a nine-point programme, including development of atomic, naval and air bases through the central Pacific, "firm long-term supervision of Japan," and support for "a strong China."

Referring to a provision of the United Nations charter for helping all nations not represented at the conference, Stassen said: "These charters may well become known as the Magna Carta of the little people who weren't there."

Maj.-Gen. Claire Chennault, former air commander in China, urged on the same programme the establishment of a barter system whereby American manufactured goods could be exchanged for Chinese commodities. He said China lacked the dollar balances but had many items needed in the United States.—Associated Press.

Scot Escapees

LONDON, Oct. 30. EIGHT OF FIFTEEN SOLDIERS WHO ESCAPED FROM MILITARY DETENTION BARRACKS IN THE NORTH OF ENGLAND HAVE BEEN ARRESTED.

Some came from Stalckhill, which has been much in the news lately, and some from a detention camp near Chorley.

All the escapees were from the Gordon Highlanders, the Seaforth Highlanders or the Highland Light Infantry.—Reuter.

Haifa, Oct. 30. The British cruiser Orion has arrived here to join the cruiser Sirius and the destroyer Milne.—Reuter.

GOING ON AND WITHOUT RUSSIA

WASHINGTON, Oct. 30. PLANS HAVE BEEN COMPLETED FOR THE FIRST MEETING OF THE FAR EASTERN ADVISORY COMMISSION TO-DAY WITHOUT HOPING FOR NOTICE THAT RUSSIA WILL PARTICIPATE.

THE MAJOR FUNCTION OF THE COMMISSION WILL BE TO ADVISE ON FUTURE POLICIES FOR THE CONTROL OF JAPAN.

American officials assumed that Moscow is standing on the contention that a four-power Control Council, with actual administrative power, should be established in Tokyo prior to the creation of the Advisory Commission.

Ten Governments have answered the roll-call namely the United States, Britain, China, Australia, Canada, France, New Zealand, the Netherlands, Philippines and India. It is announced that the Indian Government has also accepted the invitation.

ROMULO'S VENTURE

General Carlos Romulo, of the Philippines, is reported to be ready to propose that the delegates discuss independence plans for Indo-China and the Netherlands East Indies.

United States officials discussed the view that Romulo will probably be ruled out of order if he makes such a proposal.

They cited the scope of the Advisory Commission which could make recommendations on subjects other than the Japanese surrender only when such matters are assigned to it by agreement of the participating governments.—Associated Press.

INDIA'S DELEGATE

Later, India has designated as its representative Sir Shunkar Bhanu, Indian agent-general in Washington, it was learned to-day.

Britain had asked that India be invited when U.S. Secretary of State Byrnes first proposed the commission after the Japanese surrender. Byrnes replied that the United States was willing to accept the other two major Allies, China and Russia—would consent.

China agreed but Russia did not express its stand, it was understood. With the conference opening scheduled to-day, government officials said it was decided that since Russia had not indicated her intention of participating in the commission work, they could not wait any longer for the Soviet view on the Indian suggestion.—Associated Press.

Cool Gang Of Robbers

ARMED ROBBERS OF A NEW TYPE APPEAR TO BE OPERATING IN KOWLOON.

An "operation" at No. 28, Battery Street, yesterday, was carried out by four well-dressed Chinese, all in smart European attire.

Two of them carried automatics and two revolvers.

They entered the establishment, the Wo Hop Import and Export Firm, held up Mr. Tak-yuet, the manager, and the sales, demanded the keys of the safe, were disarmed on finding it empty, and then went methodically through the pockets of the manager and his staff.

The total haul was small, amounting to HK\$40 and CGU\$30. The gang staged their somewhat disappointing coup at 5.30 p.m. and they made a clean 'get-away'.

TRAM MISHAP

A well-dressed Chinese girl, later identified as Miss Tam Yuen-hing, aged 17, was seriously injured yesterday morning, as the result of a fall from a tram.

The tramcar was travelling at fairly high speed near Wellington Barracks when the accident occurred, and it is thought that jostling in the overcrowded vehicle explained the fall.

Miss Tam suffered severe head injuries and was detained at the Queen Mary Hospital.

Washington, Oct. 30. The Government has announced that new automobiles soon to go on sale will not be rationed.—Associated Press.

Wary Truce At Soerabaya

BATAVIA, OCT. 30. DOCTOR SOEKARNO, PRESIDENT OF THE REPUBLIC OF INDONESIA, IS REPORTED TO HAVE ARRANGED A TRUCE AT SOERABAYA BETWEEN THE NATIONALISTS AND BRITISH AND INDIAN TROOPS AFTER THE HEAVIEST FIGHTING OF THE ALLIED OCCUPATION OF JAVA.

DR. SOEKARNO RUSHED TO SOERABAYA IN AN R.A.F. PLANE TO INTERVENE IN THE SERIOUS STREET FIGHTING IN WHICH INDONESIANS MANNED JAPANESE ARMoured CARS AND LIGHT TANKS.

Soekarno, with two of his Cabinet Members, and the Associated Press Correspondent, Ralph Morton, were at the air-strip which was under fire and held by a thin patrol of British Mahatras.

As a result of the subsequent truce, firing died down in the Headquarters area of the British 49th Brigade and in the centre and South-Western portions of the city.

Some firing continues in other portions but the situation is generally reported to be quieter.

It is not yet clear what caused the out-break but British Army observers believe that partial cause was the leaflets dropped on the city warning unauthorized persons to turn in their arms by Wednesday under penalty of death.

MYSTERIOUS FIGURE

Moestopa, a mysterious Indonesian whose name is linked with the hostilities, is reported to have fled from the Naval base at Soerabaya.

Soekarno told a British Staff officer that Moestopa was without any official status in the native independence movement.

A later message from Batavia states that the bloody fighting at the Soerabaya Naval base was halted by the Indonesian truce after forty British and Indian troops had been killed.

The truce was arranged by the Nationalist leader, Soekarno, who braved the fire of his own forces to reach the Indonesian headquarters.

NEW OUTBREAK

The Dutch News Agency "Aneta" has reported new fighting between Allied troops and Indonesians in the Kramat district of Batavia.

Soekarno's absence from Batavia means an indefinite postponement of negotiations between the Dutch and Indonesians.

A British officer said that many women and children in internment camps in the Soerabaya area were killed during the twenty-four hours of the battle.

BARRICADES UP

Soerabaya, the scene of day-long clashes between British and Indian troops and Indonesian Nationalists, was quiet to-day although the atmosphere remains tense.

Latest military reports from the great Java port state that the Nationalists have erected barricades throughout the town. Only people carrying passes from Dr. Soekarno, President of the "Indonesian Republic" are allowed to move about.

Official figures gave twenty British and Indians killed and fifty-nine wounded, including two officers.

The city quietened down after Dr. Soekarno's broadcast to his countrymen to lay down their arms.—Reuter.

SOEKARNO WORRIED

Later, Dr. Soekarno said he was very worried over the turn of events at Soerabaya naval base. He said the mysterious Dr. Moestopa was the local leader of his party there, was unreliable and could not keep his "youth movement" in check.

A young Indonesian school teacher taken prisoner by the British said that he was a nationalist follower of Moestopa, but he said most of the young people were Communists. He said they were told to lay down their arms under Moestopa's orders, but decided to fight it out because they believed the Dutch would take over after the British became firmly established.—Associated Press.

Getting Rid Of 700

SEVEN HUNDRED JAPANESE PRISONERS-OF-WAR NOW IN HONG KONG ARE TO BE SHIPPED TO JAPAN IN THE NEXT FEW DAYS.

The "China Mail" learned yesterday that they will leave the Colony in the s.s. Fort Buffalo, the necessary arrangements having been made with Allied H.Q. in Tokyo.

The "Fort Buffalo" is going North to bring back a cargo for Hong Kong.

WARSAW DECREE

Warsaw, Oct. 30. The Provisional Government of Poland is preparing a decree to nationalize all land in Warsaw for reconstruction. No mention is made of compensation for the lands.—Associated Press.

U.S. MIGHT BREAKING-UP

New York, Oct. 30. General George C. Marshall, addressing the "New York Herald Tribune" forum said that demobilization in the United States has become "the disintegration not only of the armed forces but apparently of all conception of responsibility."

The General declared that it was certain that the military establishment cannot hope to insure safety of a country very much longer at the present rate of demobilization unless some peace-time programme was established at an early date.—Associated Press.

EMOTIONAL CRISIS

General Marshall said demobilization was affected by a widespread emotional crisis for the American people, added:

"If we are to nourish an infant United Nations organization and thus establish some possibility for a future decent world order, definite measures must be taken immediately to determine at least the basic principles for our post-war military policy."

The General asserted the world now seen the United States falling back into its familiar peacetime habits. He said he could not escape the conclusion that the possibilities of atomic explosion made it more imperative than ever before that the United States keep itself militarily strong to use its strength to promote a cooperative world order.—Associated Press.

Korea Ship Explosion

Fusan, Korea, Oct. 30. Six American soldiers were injured and an extensive area of army warehouses set on fire in this largest Korean seaport, the army reported to-day. Windows five miles distant were broken.

The army reported a ship exploded after sparks from a small dock fire blew aboard.

The burning wreckage from the blast was hurled into the warehouse area, which contained large stocks of rations, and winter clothing for the troops.—Associated Press.

THE ATOMIC JITTERS

Washington, Oct. 30. Dr. William Ugburn, University of Chicago sociologist, told the Senate Committee that studies should be made on the possible break-up of American cities to scatter the populace which might be destroyed by a few atomic bombs.

Dr. George Baker, Government consultant, said that a single atomic bomb raid could wipe out and haze the air-craft industry in the Los Angeles area. He said that the United States should produce three-thousand military planes yearly in its plants.—Associated Press.

R.C.S. FUNERAL TO-DAY

The funeral of the three Royal Corps of Signals personnel killed in the jeep accident in Garden Road on Monday evening will take place to-day, the cortege passing the Monument at 3 p.m.

The dead are Signalmen G. N. Sprinks, Cpl. H. Butt and Sgt. John Davies.

SHANGHAI ARREST

Shanghai, Oct. 30. Don Chisholm, American-born Shanghai newspaperman and radio commentator, has been arrested by American intelligence officers for questioning concerning the broadcasts which he allegedly made during the Japanese occupation.—Associated Press.

MASONIC HALL
11 Queen's Road Central, 2nd. floor.
(Entrance—Ice House St.)
Will all Freemasons at present in the Colony (including Service brethren) please register with this Secretary between 9 and 6 p.m. any day except Wednesday and Sunday.

CHINA UNDERWRITERS, LTD.
4A, Des Voeux Road, Central.

This office is now open for the receipt of Premiums and the transaction of such business as is permitted.

Enquiries dealt with.
HERBERT R. STURT,
Managing Director.
Telephone 29121.

TENDERS.
are invited for upholstery work and the manufacture of certain mosquito nets and should be submitted in envelopes marked "Tender for upholstery" to reach the Supg. Naval Store Officer, M. Dockyard, Hong Kong, not later than Monday, 5th November, 1945.
For particulars and forms of tender apply

Supg. Naval Store Officer,
H. M. DOOKYARD,
Hong Kong.

"THORNYCROFT"
Our Branch Office has opened temporary premises c/o Messrs Blair & Co., at French Bank Building, 2nd floor, and we shall be obliged if all prospective clients will communicate enquiries to that address during the present emergency period where they will be promptly handled and communicated to our executive who is now proceeding to London to ascertain full details and specifications with prices of latest models in all lines of our products.
Vehicles—Petrol/Diesel.
Marine Engines—Petrol/Diesel.
Boilers—Water Tube.
Motor Boats & Water Craft of all description.

Our Hong Kong & China office is a Direct Branch of:

JOHN I. THORNYCROFT & Co., Ltd.,
Smith Square,
Westminster,
London.

BRITISH MILITARY ADMINISTRATION.
DUTABLE COMMODITIES ORDINANCE.
PUBLICAN AND ADJUNCT LICENCES.

No person shall, subsequent to 30th November, 1945, sell intoxicating liquors for consumption on the premises unless he has obtained a licence.

Application forms for Publican and Adjunct licences are obtainable from the Commissioner of Police at his office in New Oriental Buildings, Colmaught Road.

Fees for Publican's Licence—\$1,000.00 to \$8,000.00 to Victoria or Hill District.
Half the above fees elsewhere in the Colony.

Fees for Adjunct Licence—\$700.00 in and to the North of Queen's Road—Victoria, or at Victoria Gap.
\$400.00 elsewhere in the Island of Hong Kong or in Kowloon or New Kowloon.

O. H. SANSON,
Col. C.A. (g). Police.
28th October, 1945.

MUSIC HATH CHARMS

The complaint of some of our military friends against the standards set in the musical programmes emanating from Hong Kong's broadcasting studio touches on a sore point with many local residents also, though few have ventured upon the temerity and hardness to quibble about it. Even before the war, it had long been a point of contention, and to whom the "Merry Widow" was the last intellectually acceptable musical comedy, dominated ZHW's green room, and it is not perhaps completely paradoxical that when a step-down was made in prudent concession to popular taste, the choice of what was intended to be brighter and gay was apt to miss its objective. It is true, of course, that those who succumb to the temptation of attempting to cater to a wide audience necessarily sacrifice the artistic and political disclaim, not to say more. After all, even King Croesus singing "I'll Be Home For Christmas" is not, as they say, in the Army, everybody's cup of tea, however neatly it may minister to the sentiments of those many among us to whom it will be only in our dreams. On the other hand that deathless ditty "Eleven more months and ten more days" might well seem in this day and age to be taken in conjunction with "See the Funny Little Elephant" a sudden preference for pink elephants or nasty crawling spiders is not past the powers of human understanding. Yet turning down such offerings as neither a musical nor a political aesthetic delight does not answer the crucial question, what is the stuff to give the troops? If we may quote a character in one of Coward's plays remarks on the potency of cheap music and there has been a time when the drug has had such opportunities for working its dubious magic. Here, we have little intimate knowledge of the bobby-soxers girls who when they hear the voice of Frank Sinatra take to "fainting in coils" but there is no doubt of the universal popularity of the crooner. Wong may form the majority of his fans but there are plenty of fighting men ready to stand up for him and testify to the pleasure he gave them while they were on active service. Nevertheless, when it comes to letting the people sing, it is the old songs that have it. Perhaps the real answer is to be found not in records at all, but in bringing more humanity to the microphone. The delighted reception which the Services gave last night to the "Thanks A Million" show at the Queen's was indicative of the warm freedom of response to the personal touch. In the modern idiom, we are becoming allergic to canned music.

AND WHAT ABOUT HONG KONG?

Halifax, Oct. 30.
Three hundred British businessmen, including representatives of oil, steel, shipping, aviation, insurance, whisky and smoking equipment, have arrived here seeking to re-establish Canadian and U.S. markets. General opinion was that the British trade outlook was obscure because of the monetary situation.—Reuter.

Sydney, Oct. 30.
It is authoritatively stated in S. J. that the question of granting an open inquiry on General Bennett's escape from Malaya will be raised when the full Cabinet meets to-morrow.—Reuter.

Osaka, Oct. 30.
An undisclosed source has revealed that the Japanese Finance Ministry supplied the American troops with a tip which led to the seizure of over one million dollars of gold, silver and platinum from a safe in the Mitsubishi Department.—Associated Press.

Tokyo, Oct. 30.
Liquidation of some of the closed Japanese banks has already started, with the Bank of Japan named as liquidator.—Reuter.

Danger! U.S. Sitting On The Atomic Bomb

COMMENTING ON PRESIDENT TRUMAN'S SPEECH THE "DAILY HERALD" SAYS: "IN HIS HANDLING OF THE QUESTION OF THE ATOMIC BOMB SO FAR PRESIDENT TRUMAN, IT MUST BE FEARED, HAS NOT INCREASED THE AREA OF INTERNATIONAL TRUSTFULNESS. IF THE UNITED STATES ASSUMES THE HIGH PRINCIPLES OF 'WORLD COOPERATION' SHE MUST BE PREPARED TO APPLY THEM; SHE WILL BE BITTERLY DISILLUSIONED IF SHE THINKS THAT THE WAY TO 'OUTLAW' THE ATOMIC BOMB IS TO SIT ON IT.

The Conservative London "Daily Mail" hails the President's speech as a "direct and unambiguous" statement of United States foreign policy, and says: "Today we know with certainty where that great country stands."

The paper sees in the abandonment of isolationism by the United States and her determination never again to be caught unprepared by an aggressor the surest guarantee of peace and declares that while the British are convinced that the United States will not violate the trust of the atom bomb it may be "hard to persuade disinterestedness and decision to keep the bomb to herself."

They may take the view that although the United States invites the trust of her neighbours she is not willing to trust them, in her turn. Thus secrecy is likely to lead not to trust but to mistrust. The President's hint that America hopes not merely to maintain existing bases but to acquire new ones, says the "Daily Mail," is another point which will give food for thought to foreign statesmen.

"The Times" writes: "There is nothing in the creed (President Truman's 12 Points) to which British policy cannot subscribe with a whole heart. But difficulties in international affairs are not concerned with application rather than enunciation of principles. The most sanguine will hardly believe that all President Truman's twelve principles can be applied to-day with equal completeness to a Europe that has not yet emerged from chaos that will be taken in conjunction with 'See the Funny Little Elephant' a sudden preference for pink elephants or nasty crawling spiders is not past the powers of human understanding. Yet turning down such offerings as neither a musical nor a political aesthetic delight does not answer the crucial question, what is the stuff to give the troops? If we may quote a character in one of Coward's plays remarks on the potency of cheap music and there has been a time when the drug has had such opportunities for working its dubious magic. Here, we have little intimate knowledge of the bobby-soxers girls who when they hear the voice of Frank Sinatra take to 'fainting in coils' but there is no doubt of the universal popularity of the crooner. Wong may form the majority of his fans but there are plenty of fighting men ready to stand up for him and testify to the pleasure he gave them while they were on active service. Nevertheless, when it comes to letting the people sing, it is the old songs that have it. Perhaps the real answer is to be found not in records at all, but in bringing more humanity to the microphone. The delighted reception which the Services gave last night to the 'Thanks A Million' show at the Queen's was indicative of the warm freedom of response to the personal touch. In the modern idiom, we are becoming allergic to canned music."

DEADLY DANGER

Saying that this is especially true of eastern Europe, where the immediate failure of co-operation between the eastern and western allies has come, "The Times" writes: "It is of the greatest importance that the Russian case should be understood and soberly appraised. Continuance of mutual suspicion between the major allies is the deadliest danger of all."

"If debate can be brought back to plans of rational argument, with each fully informed of the reason for the other's attitude, it should be possible to work out a settlement, meeting both the Allied demand for real eventual autonomy of the small nations and the Russian claim to a guarantee of security."

"And it must be possible if once it is recognised that the overmastering desire of both sides, whatever their differences about means, is the same—security as a guarantee of lasting peace."

As regards the atom bomb "The Times" says: "No different principles need be or can be applied to determination of policy relating to development of nuclear power."

"Scientists seem to be agreed that there is no 'secret' conferring on its possessors bargaining power with which to compel recalcitrants to bow to rules of international association."

The Conservative "Daily Telegraph" says: "What is not so clear from President Truman's statement is how he proposes to translate his unexceptionable principles into action."

Curiously, the Japanese were under the impression that they were to be allowed to continue running the line indefinitely, and protested!

The Chinese section of the line is now fully staffed, a large majority of the pre-war crews having returned to work. When men returning to work on the Chinese section of the line include: W. W. Leung, originator of the Ways and Works Department, who spent the war years after Canton's surrender on road survey work in

POWER POLITICS

"It is also not easy to apprehend what underlies the phrase 'the secret of the atomic bomb' is certain to cause preoccupations in those in charge of Russian destinies, and the depth and urgency of these feelings is perhaps best measured by reports emanating from German sources, but hardly unaffected by Russian inspiration, that the Soviet authorities are perusing research on the atomic bomb with the aid of German scientists."

"We need not be surprised at this nor need we suppose that the Kremlin means to substitute reliance upon the unaided force of Russia for the great difficulties of cooperation. There is no certainty that the United States will be driven to follow a similar course. But if their policies were adopted it would be almost impossible to exaggerate the danger of a position in which each country was seeking safety in power politics."

The Communist Party organ "Daily Worker" objects to President Truman's phrase "sacred trust," used in relation to the atom bomb and asks "In what way is it sacred and in what way is it a trust?"

The paper observes that talking tough to the world at large, and to the Soviet Union in particular, is now common practice in the United States and warns: "The influence of all Democrats and lovers of peace must be vigorously exercised on behalf of international unity and of friendly relations with the Soviet Union. Otherwise there is very real danger that the world will drift backward to war instead of going forward to lasting peace."—Reuter.

CATHEDRAL CANONS

Bishop Hall announced yesterday that the following have been appointed Canons of St. John's Cathedral to date from December 25, 1945:—

The Revd. E. W. L. Martin
The Revd. Lei Kaa-yang
The Revd. Tso Sz-fong
The Revd. H. A. Wittenbach.

THROUGH RAILWAY SERVICE TO CANTON

NEGOTIATIONS ARE AT PRESENT IN PROGRESS BETWEEN THE CHINESE AND BRITISH AUTHORITIES FOR THE EARLY RESTORATION OF A THROUGH TRAIN SERVICE BETWEEN CANTON AND HONG KONG. IT IS HOPED TO START THE SERVICE IN THE VERY NEAR FUTURE.

THE WAYS AND WORKS DEPARTMENT OF THE CHINESE SECTION OF THE KOWLOON-CANTON RAILWAY HAVE BEEN IN COMPLETE CONTROL OF THE SHUMCHUN- TAISHATAU LINE SINCE THE MIDDLE OF THE MONTH, THE JAPANESE RAILWAY ENGINEERING CREW BEING ORDERED INTO INTERNMENT ON OCTOBER 9TH.

Curiously, the Japanese were under the impression that they were to be allowed to continue running the line indefinitely, and protested!

The Chinese section of the line is now fully staffed, a large majority of the pre-war crews having returned to work. When men returning to work on the Chinese section of the line include: W. W. Leung, originator of the Ways and Works Department, who spent the war years after Canton's surrender on road survey work in

Shansi for the Chinese National Government; and Lo Wun-kwan, locomotive superintendent.

REPAIR WORK
When the Chinese military authorities asked the Japanese, after the surrender, to account for available locomotives and rolling stock, they were informed that there were 10 serviceable locomotives. This figure proved to be a slight exaggeration. The locomotives may have been serviceable by Japanese standards, but all are now being overhauled.

The same is true of coaches. There are all repairable and may still be used, but seats have been ripped out and converted into the Japanese conception of a bed. Under the Japanese, the service was largely a night affair, as a precaution against aerial attack.

His Excellency the Governor and the Garrison Commander, Kowloon, Colonel J. M. T. Churchill, D.S.O., M.C. will attend the Charity Football Match at 5 p.m. to-morrow between 44 (R.M.) Commando and a Combined Chinese XI. The players will be introduced to His Excellency before the commencement of the match.

Fish Case Adjourned

Two Chinese, Ho For-shing and Cheung Ki-fat, were charged before Mr. Leo D'Almeida at the Summary Military Court yesterday, for importing 989 catties of salt fish on Sunday without a permit.

Mr. Losoby pleaded not guilty on behalf of the accused. According to Sgt. Lewis, for the prosecution, a Chinese detective walking along the Praya at West Point, saw a fishing junk unloading a cargo of salt fish. He made enquiries and found they had no permit from the Controller of Fisheries. The fish was seized and sent to the Kennedy Town market. Second accused, owner of the fish, went to the market, and both were charged on the instructions of Lieut. (F) A. Collings of the Controller of Fisheries.

Mr. Losoby submitted that his client was only preserving the fish with salt, owing to the shortage of ice. The fish was not ordinary salt fish. His clients had a licence for fishing in the Colony, and it was understood that they had to return here with the catch. They were not committing an offence by bringing in fish where it was preserved with salt. Mr. Losoby pointed out that there were many fishing junks bringing in fish to Shaikwan, and it was understood that they had no permit for the so-called importation.

After the Chinese detective had given evidence, Mr. D'Almeida adjourned the case for consideration.

Defendants were released on bail of \$500 each.

Death Of Father Noval

News has been received by cable from Macau, by the Spanish Dominican Missions in Hong Kong, of the death of Rev. Father Francisco Rodriguez Noval O.P., who had been ill for some time.

The late Fr. Noval was born in North Spain in October 3rd, 1871. He entered the Dominican Order in 1886 and was ordained priest on 4th August 1895, in Manila.

Arriving here in the year 1896, he was appointed Procurator in 1906 in Hong Kong for the Dominican Missions in the Far East.

During his term of office, he had made a large circle of friends. After been ill in Hong Kong for a year, he left for Macau in July, to recuperate his failing health.

On the 4th August he celebrated his 50th year of priesthood. With his death, there passes one of the oldest residents of Hong Kong.

WOMEN PETTY PILLFISHERS

Two Chinese women were sentenced to three months' hard labour by Mr. Leo D'Almeida at the Summary Military Court yesterday, for stealing a tin of "Shell Tox" from the Anglo Petroleum Company, North Point, on Sunday. The accused were Wu Ping and Li Yau.

Sub-inspector Goddard stated that accused were caught by Mr. Harper leaving the main gate with a tin of "Shell Tox" wrapped up in a piece of cloth.

They were daily workers at the depot at wages of \$1.80 per day.

His Excellency the Governor and the Garrison Commander, Kowloon, Colonel J. M. T. Churchill, D.S.O., M.C. will attend the Charity Football Match at 5 p.m. to-morrow between 44 (R.M.) Commando and a Combined Chinese XI. The players will be introduced to His Excellency before the commencement of the match.

REPAIR WORK
When the Chinese military authorities asked the Japanese, after the surrender, to account for available locomotives and rolling stock, they were informed that there were 10 serviceable locomotives. This figure proved to be a slight exaggeration. The locomotives may have been serviceable by Japanese standards, but all are now being overhauled.

The same is true of coaches. There are all repairable and may still be used, but seats have been ripped out and converted into the Japanese conception of a bed. Under the Japanese, the service was largely a night affair, as a precaution against aerial attack.

His Excellency the Governor and the Garrison Commander, Kowloon, Colonel J. M. T. Churchill, D.S.O., M.C. will attend the Charity Football Match at 5 p.m. to-morrow between 44 (R.M.) Commando and a Combined Chinese XI. The players will be introduced to His Excellency before the commencement of the match.

REPAIR WORK
When the Chinese military authorities asked the Japanese, after the surrender, to account for available locomotives and rolling stock, they were informed that there were 10 serviceable locomotives. This figure proved to be a slight exaggeration. The locomotives may have been serviceable by Japanese standards, but all are now being overhauled.

The same is true of coaches. There are all repairable and may still be used, but seats have been ripped out and converted into the Japanese conception of a bed. Under the Japanese, the service was largely a night affair, as a precaution against aerial attack.

MILADY'S SHOES
London, Oct. 30.
Complaints were made in the House of Commons to-day about the shortage of women's shoes. It was stated that women in need of high-grade shoes were required to queue up at five o'clock in the morning to get them. Busy people and those coming from the country were, in consequence, unable to get them at all.—Reuter.

VOLUNTEER REMINDER

All ranks H.K.V.D. Corps are reminded that under the new ration scheme, members of the Corps whose relations, other than wives and children, are or will be drawing rations from H.K.V.D.C. will be responsible for the payment of the rations. This applies also to those who will be returning from Macao under the H.K.V.D.C. repatriation scheme.

The whole area West of Western Street and South of Queen's Street are out of bounds with the following exceptions:—
Kamling Restaurant
Kwong Chau Restaurant

In these restaurants, civilian clothing may be worn by Officers and Other Ranks when not on duty. Seconded personnel will obtain the approval of the Heads of Department or Controllers concerned.

Personnel on leave in Macao will under no circumstances whatsoever apply for any extension of leave either through mail or by cable. The period of leave as stated in the Pass will be strictly adhered to.

Any mobilised member H.K.V.D.C. who has not yet had news of his next of kin should inform the Adjutant in writing—giving last known address of such next of kin.

Letters or cables are waiting collection at H.Q. for Eddie Lee, Y. M. Nates, L. C. Lin, n. I. Dick, I. G. Sullivan, Miss I. B. H. gara, C. D'Almeida e Castro, J. G. B. Dewar, George White, V. F. Souza, A. V. Skvorzov, Alexander Shihwarg, Yappittvan and B. C. Field.

BLACK MARKET CIGARETTES

Leung Chuen-shing was charged at the Summary Military Court before Mr. Leo D'Almeida yesterday, for possession of 593 packets of 20 cigarettes and 63 tins of 50 cigarettes as issued to His Majesty's Forces, without a permit from a duly authorised official.

Accused stated that he received the cigarettes from British sailors in exchange for various watches. He did not know it was against regulations.

The Court took into consideration the fact that accused had been in custody for over a week, and had lost his wrist watch. He was cautioned and discharged. The cigarettes were order to be confiscated.

AVENGERS OF BATAAN

Washington, Oct. 30.
Units of the 38th Infantry division, the "Avengers of Bataan," began arriving at Pacific ports to-day, for release from service.

The 38th made two landings on Bataan to prevent the Japanese from using it for a last stand, as American forces did in 1942, and then cleaned the Japanese from the island forts flanking Corregidor at the mouth of Manila bay.

Their final campaigning was against the Japanese in the mountains east of Manila in the final phases of the Luzon campaign.—Associated Press.

New Air Lines to Orient

Washington, Oct. 30.
A Western Airlines executive told the civil aeronautics board to-day that there is plenty of potential air cargo and passenger traffic in the Orient and Alaska to use three air route "gateways" for the northern route. He argued in support of his airline's claim to participate in development of the Alaska-Alaska routes, for which many major airlines will be competing.—Associated Press.

HUGE DRUG SEIZURE

Tokyo, Oct. 30.
Thirty-four tons of crude opium were among the huge haul of narcotics and drugs, worth over \$1,600,000, seized by the United States Army Authorities at Gagan in central Honshu. The haul, which was found in a remote warehouse, included thirty-two tons of quinine, worth \$500,000 and morphine, novocaine and cocaine, worth over half a million. Sterling.—Reuter.

R. C. Services for H.M. Forces are to be held at St. Joseph's Church to-morrow, All Saints Day (Low Mass at 8.30 and Special Mass at 10.30) and on Friday, All Souls Day (Requiem Masses at 7.30, 7.55, 8.15 and 10.30).

AMERICA'S
PEACE NAVY

WASHINGTON, Oct. 30. LEGISLATION FOR FIXING THE SIZE OF THE POST-WAR TWO-OCEAN NAVY WILL COME UP TO THE HOUSE OF REPRESENTATIVES TODAY WITHOUT KNOWN OPPOSITION.

The purpose of such fleet will be to "insure our national integrity in support of our national policies, guard the Continental United States and our overseas possessions and give protection to our commerce and citizens."

No new ships are authorized by the new legislation which is composed of three groups: 29 major combat vessels ready for action, 104 major ships in stand-by condition ready for service at thirty days notice and 681 major vessels in hold-up reserve manned only by caretaker crews. Ships in either fleet, exclusive of auxiliaries, include 3 large carriers, 24 medium carriers and 79 escort-type carriers, 18 battleships, 3 large cruisers, 31 heavy cruisers and 48 light cruisers, 367 destroyers and 300 escort destroyers and 199 submarines. Associated Press.

I.L.O. AND
ARGENTINA

Paris, Oct. 30. Argentina was strongly denounced again on Monday by delegates to the International Labour Organisation congress here, many of whom are opposing the admittance of delegates from the South American country.

Opposition to the administration of Gen. Juan Peron, the Argentine "strong man," was voiced by the Chilean workers' delegate, Albino Barra, who described Peron as "a spy."

Barra charged that Peron, when Argentine military attaché at Santiago, was expelled by the Chilean government because of espionage activities.

As the credentials committee weighed the issue, the Peruvian workers' delegate also protested against admitting Argentina. Associated Press.

Tokyo, Oct. 30. Unofficial Japanese quarters asserted today that President Truman's Navy day speech on America's post-war attitude allayed fears that Japan might be permanently isolated by proposed "a third peace." Associated Press.

STAR FERRY SERVICE

COMPENSATION?
BURMA ASKS AGAIN

LONDON, Oct. 30. MR. ARTHUR HENDERSON, UNDER-SECRETARY FOR INDIA AND BURMA, TOLD THE HOUSE OF COMMONS TODAY IN REPLY TO A QUESTION, THAT THE BRITISH GOVERNMENT WAS ANXIOUS THAT A GENERAL ELECTION SHOULD BE HELD IN BURMA AT THE EARLIEST POSSIBLE DATE. HE ADDED: "IT WILL BE NECESSARY, HOWEVER, TO ARRANGE FOR COMPLETE REVISION OF THE ELECTORAL ROLLS, RESTORATION OF COMMUNICATIONS AND REESTABLISHMENT OF THOSE STABLE CONDITIONS IN WHICH THE REQUIREMENTS OF THE DEMOCRATIC SYSTEM OF GOVERNMENT CAN BE MET."

"No decision has yet been taken as to the basis of franchise. This is a matter which is now engaging the urgent attention of the Governor and his advisers."

"No time will be lost once the Government's recommendations have been received and considered by His Majesty's Government in introducing any necessary legislation to amend the appropriate schedules of the Government of Burma Act of 1935."

"It is the policy and wish of His Majesty's Government that Burma should attain full self-government within the British Commonwealth at the earliest moment that practical considerations can make possible."

NO AVOIDABLE DELAY

"Mr. Driberg (the Labour member who asked the question) will appreciate the difficulty of fixing a precise date for the conclusion of these stages but he may rest assured that His Majesty's Government is determined that there shall be no avoidable delay in implementing the undertakings it has given."

Mr. Driberg said: "While appreciating the difficulties which the Minister refers to, he bears in mind the tremendous psychological effect, not only in

Burma but throughout South-east Asia, that the fixing of such a date would have, the reinforcing of our promises and guarantees and will be constantly bear that in mind."

Mr. Henderson: "You, but we must also have in mind the practical difficulties which are ahead."

WAR COMPENSATION

Asked by Mr. Keeling (Conservative) what arrangements he was making for the registration and consideration of claims for compensation for damage in Burma resulting from the war against Japan, Mr. Henderson replied: "The Government of Burma is keeping a register of all claims for compensation on account of war damage. These claims will have to be investigated and it is hoped shortly to make necessary arrangements for this to be done."

"I am not in a position to state the extent to which it may be possible to award compensation in respect of claims and accordingly registration must not be taken as committing the Government of Burma to payment of compensation."

Mr. Keeling: "Does the Burma Office agree that if industry and trade are to be encouraged and set going again quickly, the settlement of these claims is essential?"

Mr. Henderson: "The Government of Burma fully realises the need for obtaining a quick settlement, but it is not waiting for that before giving financial assistance in order to rehabilitate economic conditions." --Reuter.

No Limit
Says Koch

WASHINGTON, Oct. 30. A LIBERAL INCREASE IN THE UNITED STATES WAR DAMAGE PAYMENT TO THE PHILIPPINES WAS URGED BY EDWIN KOCH, VICE-PRESIDENT OF THE PHILIPPINE-AMERICAN CHAMBER OF COMMERCE BEFORE THE SENATE IN-SULAR COMMITTEE. Koch suggested no limit of payment on the damages which are estimated at one billion dollars and also proposed the raising of the personal damage claim limit to above five hundred dollars.

Colonel Tomas Cabili, member of the Philippine Rehabilitation Commission, asked for payment for guerrilla expenditures in addition to actual damages. He said that the people willingly supplied resistance forces without any monetary return.

This people actively engaged against the Japanese should get claim priority over the city residents who gave less during the war and are now much better off.

He suggested payment in goods instead of money to prevent inflation. -- Associated Press.

Philippines'
Claims

New York, Oct. 30. Philippines President Sergio Osmeña declared in a speech here today that "we are asking for 20 years of limited free trade with the United States on the basis of the 1940 level, and not a strangulating graduated tax on such trade. We are asking for fair treatment of war damage, providing just compensation to those who suffered when war came to Philippines soil which was under protection of American sovereignty." President Osmeña addressed the annual "Herald-Tribune" public Forum. -- Associated Press.

RAILWAY TEST

London, Oct. 30. Owing to the shortage of coal, the Great Western Railway is converting three locomotives for the burning of oil fuel. The first tests will be made with goods engines and if these prove successful, other engines will be converted for the haulage of passenger trains. -- Reuter.

A MANAGED
ECONOMY

London, Oct. 30. The "Financial Times" Paris correspondent says the outlook for the coming weeks is not considered bright since the elections demonstrated that France is prepared to launch a far-reaching experiment in managed economy.

Nationalisation of credit is likely to command first attention of the new Assembly if only because the Bank of France's charter expires at the end of the year. -- Reuter.

DEVALUING FRANC

Paris, Oct. 30. Devaluation of the French franc is expected very shortly well-informed American and French sources reported today, despite government denial. Speculation was that the new rate would be 500 to the British pound compared to the present 200. An American source said the devaluation is expected as a prelude to France's expected adherence to the Bretton Wood monetary agreement. -- Associated Press.

BLACK LIST

Washington, Oct. 30. The State Department announced today that evidence obtained by the occupation authorities a revised United States "black list" has been published. Total changes for the American republics are 353 deletions and six additions, three additions in Argentina, two in Brazil and one in Chile. In other countries there are 25 additions and 27 deletions. -- Reuter.

Washington, Oct. 30. Senator O'Mahoney, Wyoming Democrat, introduced a resolution today in favour of outlawing the atomic bomb by international agreement. -- Associated Press.

FRUITS OF CHINA'S VICTORY

Internal Strife To Swallow Them Up Now?

Nation Facing Major Test

WASHINGTON, Oct. 30.
AMERICAN OFFICIALS, BOTH DIPLOMATIC AND MILITARY, TODAY VIEWED CHINA'S INTERNAL STRIFE AS THREATENING TO ROB THE NATION OF THE FRUITS OF ITS VICTORY.
MEN WELL-INFORMED ON FAR EASTERN AFFAIRS SAID THE CLASH BETWEEN COMMUNIST AND CENTRAL GOVERNMENT TROOPS CONFRONTED CHINA WITH HER FIRST MAJOR POST-WAR TEST, WHICH WILL GO FAR IN DETERMINING THE NATION'S CAPACITY TO REMAIN IN THE FRONT RANK OF THE WORLD'S RULING POWERS.

Chinese diplomatic and military officials here declined to discuss the situation other than to restate that the "Red question" will be solved without recourse to civil war.

Other complexities of the issue include the Russian, British and American stands in the event of widespread fighting and whether the major Powers, which have accepted Chiang Kai-shek's Chungking regime as the government of China, will undertake to give it further support or stand aside and let the Chinese strife work itself out and then accept the victor as the legally established authority in China.—Associated Press.

GROWING PERIL

Political quarters in Chungking are gravely preoccupied with the growing peril that the present localized clashes might burst into uncontrollable all-out civil war.

Soccer Rebellion

Manchester, Oct. 30.

The Secretary of the Football Players' Union, Mr. James Pay, stated after a meeting of the Union Committee to-night that replies so far received to the "yes" or "no" strike circular sent to players reveal an emphatic "yes" in favour of a strike.

Earlier this evening, a London Club official suggested that servicemen, who are the majority of the playing personnel, would be forbidden by the King's Regulations from taking part in a strike.

A military spokesman told Reuters: "The Regulations prohibit soldiers from taking part in any political agitation or strikes but whether a Soccer strike would come under this heading, I would not be prepared to say."—Reuters.

WANT TO SEE THE COUNTRY

London, Oct. 30.

Derby coal-miners have requested and discussions are proceeding on the demand, to be allowed to knock off two hours earlier on Saturdays to enable them to go to the races or watch Association football.

They argue that coal production will not suffer as they will come back to work fresher from the longer week-end lay-off.—Reuters.

CIVVIES ALLOWED

London, Oct. 30.
The War Office has given authority for the wearing of civilian clothes by Servicemen off duty in the British Isles.
The right to wear "civvies" is not granted in occupied enemy countries, but elsewhere the Commanders-in-Chief may use their discretion and authorise the wearing of mufti.—Reuters.

America And Palestine

Washington, Oct. 30.

The Chairman of the Senate Steering Committee, Mr. Robert Taft, urged to-day that the United States should join with Britain in a survey to determine how many Jews can and should be sent to Palestine.

He said he was satisfied that the British were not seriously suggesting that the United States should help to furnish armed forces for Palestine.

He understood that Britain had asked for the establishment of a joint commission to determine how many Jews could be sent to Palestine without disturbing conditions. "If the British formally propose that I think we should agree to it," Mr. Taft added.

Senator Taft made this statement after reading a letter from Senator Joseph Bailey to Mr. James Byrnes, Secretary of State, suggesting that the United States has no business to undertake to establish any sort of state in Palestine.—Reuters.

U.S. Labour Restive

Washington, Oct. 30.

The C.I.O. United Steelworkers union to-day asked the National Labour Relations Board to take a strike vote Nov. 28 among 600,000 metal workers in 766 plants.

The union demands \$2 daily wage increase from steel, iron and aluminium companies.

Similar strike votes are expected to be requested by 170,000 General Electric workers and 30,000 General Motors employees.

In San Francisco 13,000 machinists struck yesterday, bringing the total of United States workers on strike to 235,000.

One strike affecting about 3,000 ended. Bethlehem Steel has rejected the \$2 daily wage increase demand.—Associated Press.

U.S. EXPORTS OF FOOD

Washington, Oct. 30.

Deliveries of food for export in August dropped to the lowest level since the early days of Lend-Lease, dropping to 33.1 million pounds or roughly half of the July total. It was the last month for Lend-Lease which accounted for over fifty per-cent of the deliveries.

The countries which received Lend-Lease deliveries for the month of 186 million pounds were: United Kingdom and British services overseas 59 per cent; Russia 19 per cent; with the remainder divided between France, French West and North Africa, British Dominions and Colonies, Greece, Netherlands and Belgium.

The U.N.R.R.A. received nearly 81 million pounds for Czechoslovakia, Italy, Poland, Yugoslavia, Greece, Albania and Egypt.—Associated Press.

JAPS WANT 36-HOUR WEEK

Tokyo, Oct. 30.

The Domei News Agency has reported that the social party organisation committee's employment programme urges a thirty-six hour work per week, government responsibility for relief of the jobless and a speedy start in the rehabilitation projects to provide work.—Associated Press.

JAPAN'S NAVY

Kure, Oct. 30.

Sixth Army Headquarters here said that 149 Japanese warships of all types, including 100 serviceable were found at Kure, Japan's chief Naval base.

The serviceable ships included two aircraft carriers, two cruisers, nineteen destroyers, twenty-nine submarines and eighteen submarine chasers.—Associated Press.

HALLIFAX, NOVA SCOTIA, OCT. 30.

The port manager, commenting on London reports that bread may be rationed in Britain, stated that Halifax grain elevators are filled to capacity of two million bushels and are ready to begin loading as soon as ships are available.—Reuters.

COMMUNISTS CUT PEI-HAN RAILWAY

CHUNGKING, Oct. 30.

COMMUNIST TROOPS HAVE CUT ONE HUNDRED MILES IN THE PEI-PING-HANKOW RAILWAY LIFE-LINE OF THE GOVERNMENT FORCES PRESSING NORTHWARD TOWARD THE UNDECLARED CIVIL-WAR ZONE. OFFICIAL DISPATCHES SAID HERE. THE COMMUNISTS HAVE STRUCK SOUTH OF PEI-PING CUTTING RAILS, BLASTING BRIDGES, DESTROYING STATIONS AND BURNING RAILWAY STOCK.

Government quarters have admitted that the movement of troops have been seriously hampered. Other dispatches said that fighting is rising in fury in Shantung, Shansi and Suiyuan provinces with the communists falling back before superior government forces.

The government is striving to prevent an all-out civil war. Three hundred delegates to the projected National Assembly has urged the Assembly to convene immediately to halt China back from the brink of civil strife.—Associated Press.

15,000 CASUALTIES

The Government troops have already incurred over 15,000 casualties in battles east of Suichow to the Taiyuan railway in the "civil war" now raging in North China.

This is according to General Yen Hsi-shan, Governor of Shansi province, in which the Communists claim to have 100,000 men.

Obvious failure of the talks between Chungking and the Communists to achieve settlement of any major issue has provoked a flood of reports indicating the growing tension.—Reuters.

Monty's Beret In Dorset

London, Oct. 30.

The most famous beret in history is to-day in the Officers' Mess at Bovington, Dorset, headquarters of the Royal Tank Regiment. Field Marshal Montgomery wore it from Alamein to Tunis.

Mrs. Hubert Barrett, a Dorchester art dealer, has prepared a parchment which "Monty" has signed. It reads:

"This beret was given me by a sergeant in the Royal Tank Regiment, the non-commissioned officer in command of my tank during the Battle of Alamein in October, 1942.

"It was worn by me from Alamein to Tunis, when it was so dirty that I got a new one. I added my general's badge to it and have worn the black beret with two badges ever since."

The sergeant was James (Jock) Fraser, the 6th Royal Tank Regiment.—Reuters.

Points Of Friction

Saloon, Oct. 30.

Friction has developed between the Chinese and the Anglo-French allies in Indo-China.

Chinese residents in a protest alleged cases of rape and looting by Indian troops in the Chinese section.

The French have alleged failure on the part of Chinese troops to control Annamite bands in Northern Indo-China.

Chinese residents prepared to send a delegation to Maj.-Gen. D. G. Gracey, Allied ground commander. British officials said they were investigating the disturbance in Cholon, the Chinese section which comprises half of Saigon. The trouble was increased over the week-end by a mysterious fire which destroyed many Chinese homes and despite the efforts of Indian troops to control it.

BULLETIN ISSUED

The Allied commission in Saigon issued a bulletin Monday reporting sharp encounters between Annamites and Anglo-French forces in the Gocong region, while "mopping up and repair of roads continued in the area south of Saigon."

The announcement said Gocong was defended by a large number of "rebels" but was "brilliantly occupied in the early afternoon by sailors from the battleship Richelieu, supported by guns of the corvette Gazelle."

A new case of grenade throwing was reported by the commission in Cholon. It said the night was quiet in all sectors.—Associated Press.

JAP. DEMOCRACY

Tokyo, Oct. 30.

Baron Kido Hirobumi, President of the Privy Council, declared to-day that Japanese democracy means the retention of the Emperor in his present role under a constitution.

Hirobumi said: "The Japanese political organisation is based on historic facts and the Emperor has never been considered a despot."—Associated Press.
